

A TWO-PLAYER HORROR ESCAPE ROOM

The Wall Between Us

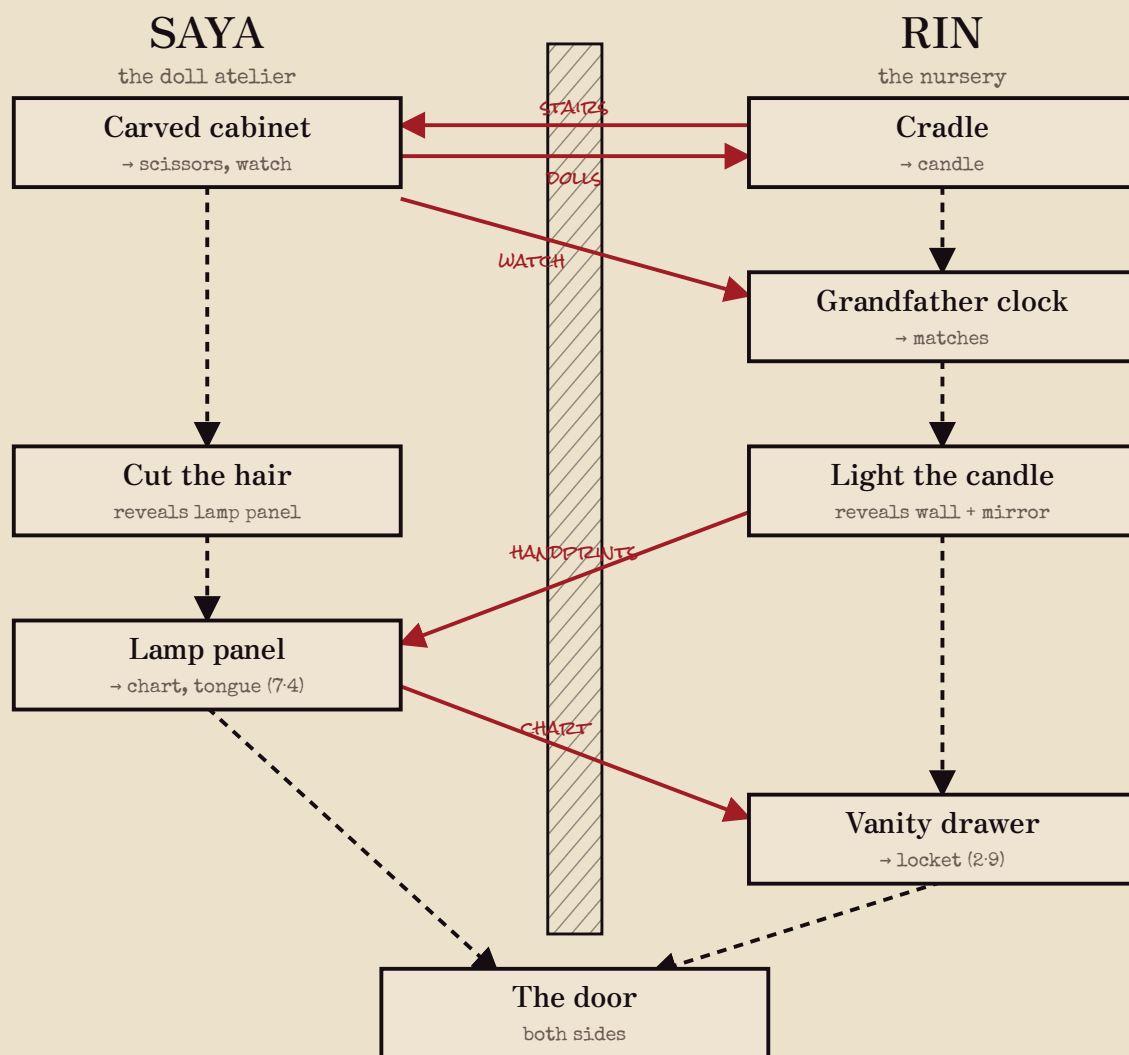

Solution Guide

Every answer is inside. Only open a page when you are truly stuck.

HOW IT FITS TOGETHER

Two rooms, one wall

Saya and Rin each play on their own screen. Almost every lock is opened by something in the **other** sister's room, so you solve it by describing what you see. The map below shows the order. Red arrows are clues you say out loud through the wall.

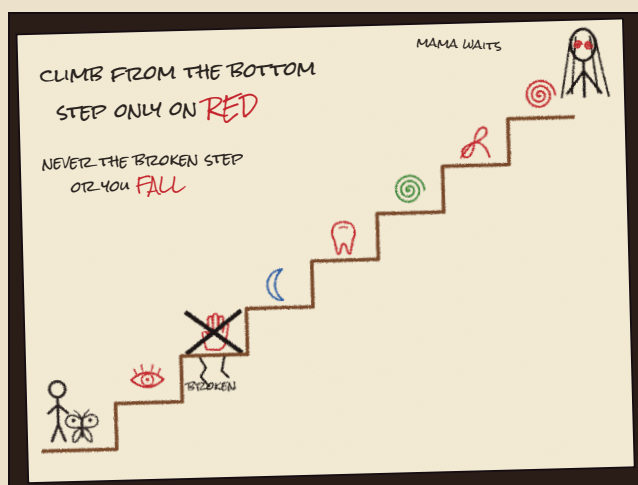

— clue passed through the wall

- - - item or unlock in the same room

1 The carved cabinet

SAYA LOCK · CLUE HELD BY **RIN**

Rin's crayon drawing

1. Rin reads the drawing from the **bottom** step up.
2. Keep only the **red** symbols.
3. Skip the crossed-out **broken** step (the red hand).
4. Saya presses the four symbols in that order.

TRAP

There are two spirals. Only the **red** one at the top counts, not the green one.

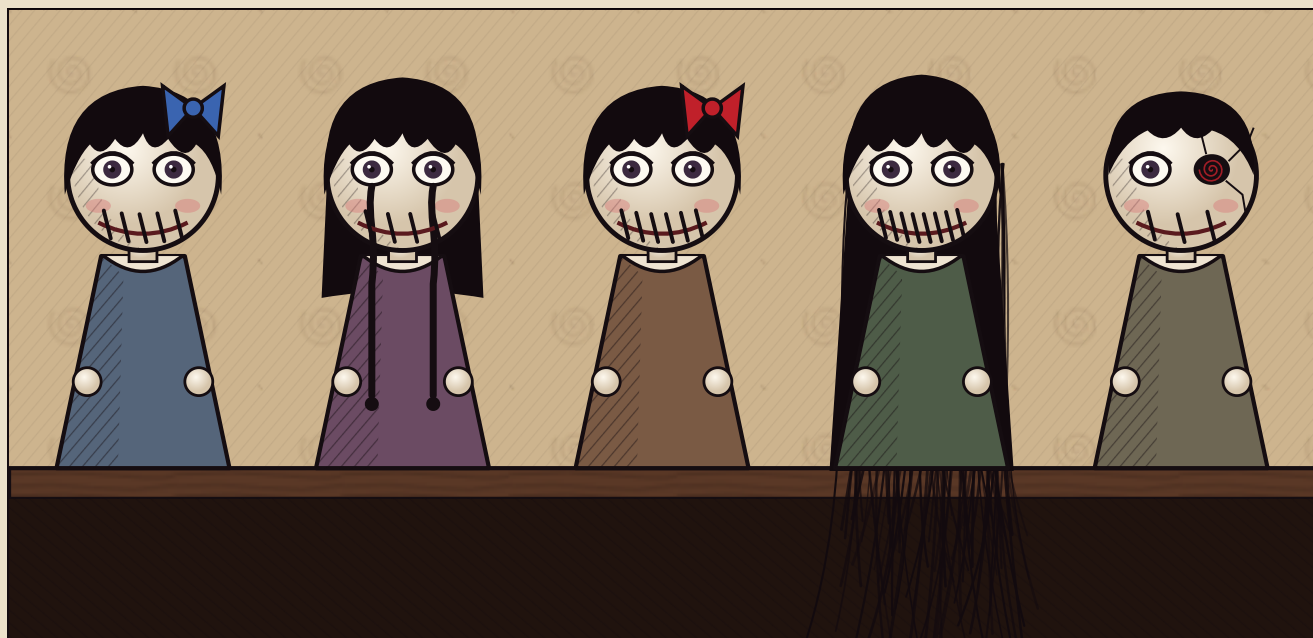

ANSWER

eye · tooth · knot · spiral

2 The cradle padlock

RIN LOCK · CLUE HELD BY **SAYA**

5

blue ribbon

4

ink tears · 1st

6

red ribbon · 4th

8

long hair · 3rd

3

missing eye · 2nd

1. Saya counts the **stitches** across each doll's mouth.
2. Rin's ledger gives the order: *ink tears* → *missing eye* → *long hair* → *red ribbon*.

TRAP

The blue-ribbon doll is a decoy. The ledger never mentions it.

ANSWER

4 3 8 6

3 The grandfather clock

RIN LOCK · CLUE HELD BY **SAYA**

Saya sees this

Rin sets this

1. Mother's watch (from the cabinet) is lying **on its side**.
2. "The eye always looks up": turn it in your head so the **red eye is at 12**.
3. Read it normally. The minute hand is on 9 (45 min). The hour hand is $\frac{3}{4}$ of the way from 4 to 5.

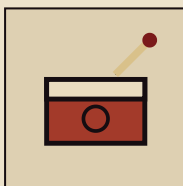

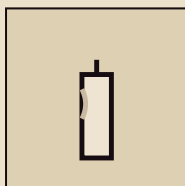

TRAP

Read as printed, it looks like **8:00**. And it is not 5:45. The hour hand has not reached 5 yet.

ANSWER **4 : 45**

4 Light the candle

RIN · ON HER OWN

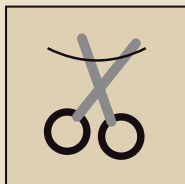

1. Candle from the cradle, matches from the clock.
2. Click either one in your **pockets** and choose *light the candle*.

This shows the **handprints** on the wall and the **writing on the mirror**.

5 The curtain of hair

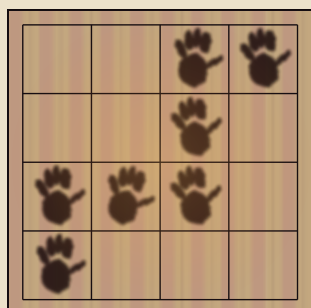

SAYA · ON HER OWN

1. Take the **scissors** from the opened cabinet.
2. Click the curtain of hair and cut through it. The **lamp panel** is behind it.

6 The lamp panel

SAYA LOCK · CLUE HELD BY **RIN**

Rin sees: handprints

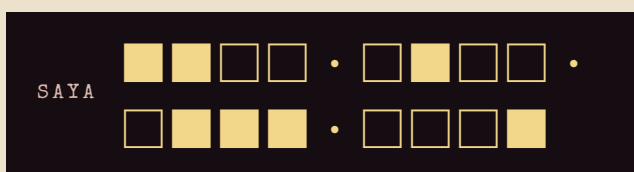

Saya lights: the mirror image

1. Once the candle is lit, Rin reads the handprints **row by row**, top to bottom.
2. They face each other through the **same wall**, so left and right swap.
3. Saya keeps the rows in order but **flips each row** left to right, then pulls the lever.

TRAP

Copying Rin's pattern exactly gives the mirror image, and it fails.

7 The vanity letter lock

RIN LOCK · CLUE HELD BY **SAYA**

Rin's mirror, once the candle is lit

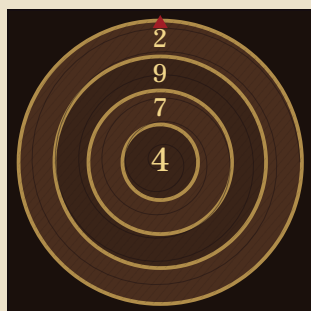

1. Rin describes the six hair shapes from left to right.
2. Saya matches them on the **stitch-chart** from the desk drawer.

ANSWER **SISTER**

The door

[SAYA] [RIN] · EACH SISTER HAS HER OWN DOOR.

Rin's door

1. Saya's porcelain tongue says $7 \cdot 4$. Rin's locket says $2 \cdot 9$.
2. "The outer rings are **mine**, the inner rings are **hers**." Each sister puts **her own** numbers on the outside.
3. Turn the rings from the outermost to the innermost.

TRAP

The two doors have **different** codes. Do not copy your sister's.

Read your endings aloud

Each sister gets a **different ending**. Read yours to the other player. You may not have met the same sister.

If you get stuck in the middle of the game, the in-game **Hints** button gives small nudges before the full answer. It's gentler than this guide.
